Guy Doron – Technical Director of Promigun and Alumot.

Dear Sirs,

It has been my pleasure to work with Guy Doron – Technical Director of Promigun and Alumot - over the last seven years as our distributor for Israel.

Guy's engineering and technical expertise and excellent project management experience has been essential in driving forward our business and increasing sales of our range of smoke and fire curtains in Israel. We have been very fortunate to work with such a dedicated professional as Guy. Guy's attention to detail and can-do attitude was key in Promigun and Alumot winning so many new projects in the difficult and fiercely competitive market of Israel.

We all wish Guy every success for the future in his new business ventures.

Yours faithfully,

Michael J. Evans.
